Thurs. Dec. 13th. - Steven Pinker - Is the World Getting Better or Worse?

Presentation:

This subject will be introduced by Julian Sale

We start by watching Steven Pinker's 18 minute TED Talk from April 2018. This talk is based upon his new book, "Enlightenment Now" which was first published in Feb 2018.

The TED Talk will be followed up by a discussion led by Julian Sale.

Bio:

Steven Arthur Pinker is a Canadian-American cognitive psychologist, linguist, and popular science author. He is Johnstone Family Professor in the Department of Psychology at Harvard University, and is known for his advocacy of evolutionary psychology and the computational theory of mind.

Pinker has been named as one of the world's most influential intellectuals by various magazines. He has won awards from the [American Psychological Association](#), the [National Academy of Sciences](#), the [Royal Institution](#), the [Cognitive Neuroscience Society](#) and the [American Humanist Association](#). He delivered the [Gifford Lectures](#) at the [University of Edinburgh](#) in 2013. He has served on the editorial boards of a variety of journals, and on the advisory boards of several institutions. He has frequently participated in public debates on science and society.
